

Parental Information and Consent Form for Adventure Days

Our Vision

Every child and young person in Derbyshire should be given the opportunity to experience outdoor education and activities as an integral part of their learning and development.

The Centre

Lea Green Centre is Derbyshire's leading outdoor and personal development centre. The Centre consists of a large 19th century manor house set in its own 26 acres of parkland. The site has a large range of sports and development facilities including a sports hall, astro-turf training area, high & low ropes courses, a large soft play area, arts and craft workshops, 'Glamping' and camping area, games rooms and lots more!

We provide residential and day courses for young people and adults from all over Derbyshire involving a wide range of development activities and opportunities through outdoor adventure, sport, the environment and the arts. All activities share the common theme – personal development and the chance to have fun!

Courses at Lea Green Centre

Each programme is tailored specifically to the group to deliver a combination of adventure, learning, challenge, fun, exercise and enjoyment.

The programme may involve a range of adventurous activities including, but not limited to; stream walking, climbing, rock scrambling, kayaking and canoeing, high and low ropes courses, orienteering, sports activities, problem solving and games programmes. Lea Green Centre staff will be responsible for the supervision and safety of the group whilst on activity.

Safety at Lea Green Centre

We are licensed by the Adventure Activities Licensing Authority to undertake adventurous activities. Whilst our primary concern is the safety of young people and participants at Lea Green Centre there is obviously a certain amount of risk involved in such activities. If you have any concerns please contact Lea Green Centre and we will be happy to provide you with further information.

To help us in regard to safety, there are a few rules for young people, stressing the need for responsible behaviour. Young people should be sensible, listen to group briefings and follow instructions from Centre and accompanying staff.

Visitors to Lea Green Centre must register at reception and are issued visitor or meeting badges.

The County Council does reserve the right to exclude young people who behave inappropriately or who are a risk to themselves or to others whilst at Lea Green Centre. Young people bringing alcohol or drugs to Lea Green Centre will be removed from the course.

Insurance

Please note that Adventure Day participants are not covered by any personal accident / personal belongings insurance policy. Parents or young people who may wish to arrange this type of cover are asked to consult with their own insurance company.

Personal Belongings

Participants are provided with a recommended kit list. Please make sure that all personal belongings are clearly marked with the participant's name. It is not advisable to bring valuable items. Any items brought to the Centre will be held at the individual's own risk and the Centre will not be held responsible should they be lost or damaged.

Medical Information and Medication

All medication will need to have specific consent from you. Medication should be clearly labelled with the young person's name and the required dosage.

Please ensure that you inform Lea Green Centre staff about any allergies or dietary requirements that the young person may have and contact us if you are unsure or need to discuss a dietary or medical condition.

Young people at Lea Green Centre undertake activities in or near lakes and streams. Leptospirosis (Weils disease) is a rare but endemic waterborne disease in Great Britain and there is therefore a small risk of infection from contact with water. Should a young person who has attended a course at Lea Green Centre develop flu or fever like symptoms, we advise consulting your doctor and informing them that your son/daughter has had contact with inland lake and stream water.

Ticks are found throughout the UK and are known to carry Lyme's disease. If your child has a red skin rash that looks like the bullseye on a dartboard or you discover a tick please consult your doctor.
