Visitors

Contractor

Others (specify)

Name of Manager confirming and agreeing Assessment:	Ian Price
Signature:	

The following sections should be completed by all staff who need to be made aware of and abide by the findings of the Risk Assessment. NB: If, as a result of a review, changes are made to the Risk Assessment the relevant box on the attached page should be completed as appropriate by the staff concerned.

RISK ASSESSMENT

What are the hazards?	Generic Control Measures implemented	✓ X	Person to implement	Additional Control measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Injury from arrow.	<ul style="list-style-type: none"> Instructor should hold relevant archery qualification. Maximum of four students to one instructor on the shooting line. Students briefed only to load arrows at the shooting line. The range must be set out with a clear shooting line and waiting area. For Outdoor sessions an additional exclusion zone should be added Area behind and to the side of targets must be either a solid brick wall protected by a target net or to be marked as out of bounds. Warning signs put out as necessary. Group briefed to keep arrows pointing down the range at all times and not to cross the shooting line unless specifically told to do so by the Instructor. Group briefed on the meaning of specific archery command and the importance of not distracting shooters. Group briefed on procedure for collecting arrows and the safe way to carry them. 		Instructor leading the session	<p>Other students to remain seated</p> <p>Use of lookouts for outdoor sessions</p>		
Injury from equipment	<ul style="list-style-type: none"> Visual check of equipment made by staff prior to each session. Damaged equipment taken out of use. Use of appropriate size/weight of bow and 			<p>Approaching the target from the side and placing one hand on the target and one on the arrow.</p>		

<p>Injury from collapsing target</p> <p>Injuries to hands and arms from bowstring.</p> <p>Physical contact with young person</p> <p>Slips trips and falls.</p> <p>Illness</p> <p>Inappropriate behaviour</p> <p>Safeguarding</p>	<p>arrow length for individuals.</p> <ul style="list-style-type: none"> • Target checked prior to use. Group briefed on correct removal of arrows from target. • Supervision by staff. • Briefing on correct fitting use of arm guards and finger tabs when used. • Correct shooting technique used. • Brief group not to draw or fire bow without an arrow. • Archery GB state in their guidance that effective archery teaching is tactile. • Group to be made aware of this and to be given a full briefing on technique. • Staff to help students, touching them only as necessary on appropriate parts of their body eg. hands, arms, shoulders and in an appropriate manner. • Safeguarding guidelines to be followed. • Safety briefing and identification of particular hazards. • Group warned not to run when on the archery range. • Staff should make themselves aware of existing medical conditions within the group. • Group briefing and management • Use of 'Sin Bin' facility or suspension of activity • Group briefing and management. • Staff vigilance. • Visiting staff and participants to be aware of the tactile nature of effective archery teaching. 			<p>Those with known allergies/conditions to have access to own inhaler, adrenalin auto injector or appropriate medication</p>
